

HORIZONTALS

Lab 6

By Kayla Gilley-Connor

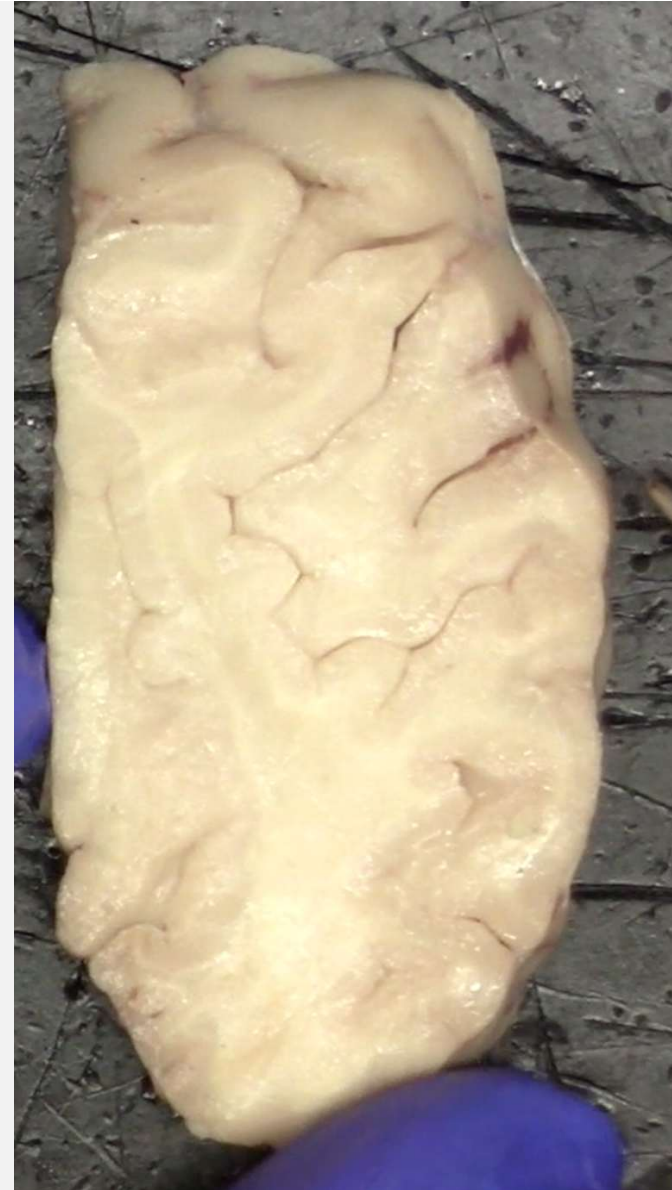

S L I C E 1

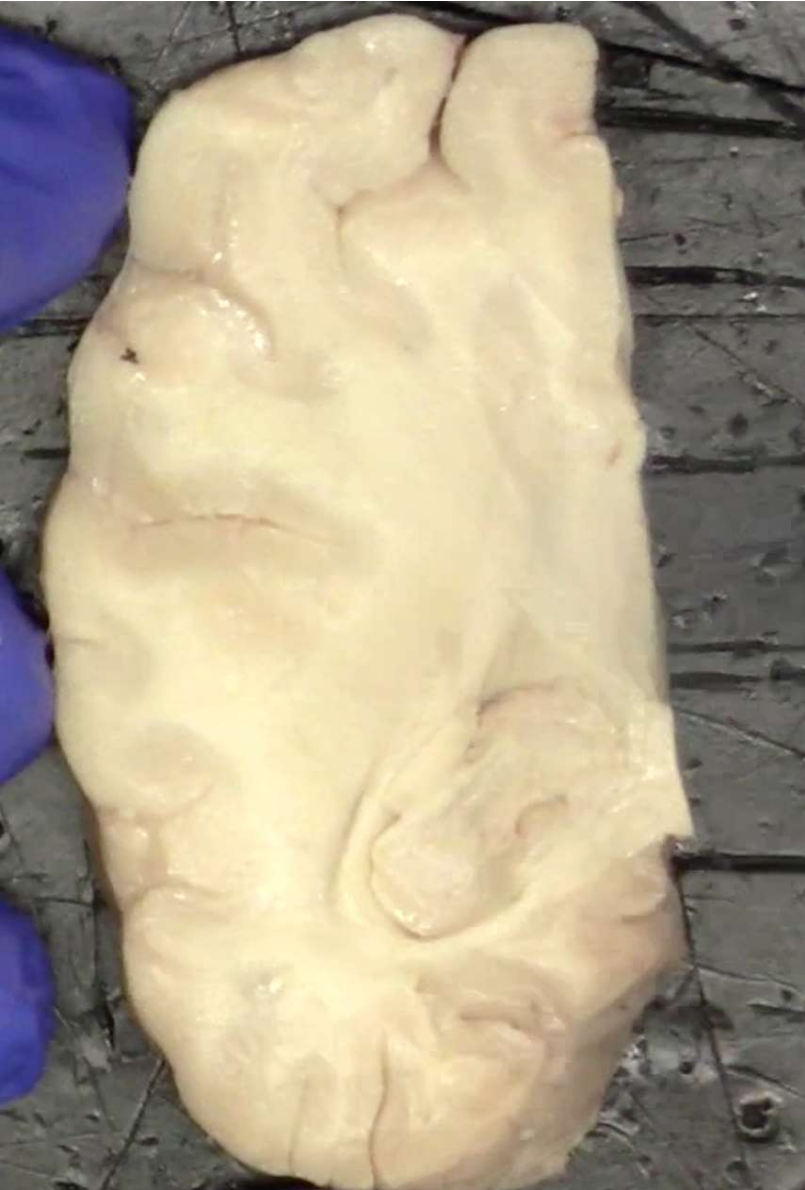

- Compared to provided PDF atlas: a little earlier than plate 17
- Don't need to know any new structures this early

S L I C E 2 (TOP)

- Still don't need to know any new structures this early!

SLICE 2 (BOTTOM)

1. Hippocampus
2. Lateral Ventricle (space)
3. Corpus Callosum
4. Fimbria
5. Alveus

SLICE 2 (BOTTOM)

1. Hippocampus
2. Lateral Ventricle (space)
3. Corpus Callosum
4. Fimbria
5. Alveus

S L I C E 3 (TOP)

1. Hippocampus
2. Lateral Ventricle (space)
3. Corpus Callosum
4. Start of the Corona Radiata
5. Fimbria
6. Alveus

S L I C E 3 (TOP)

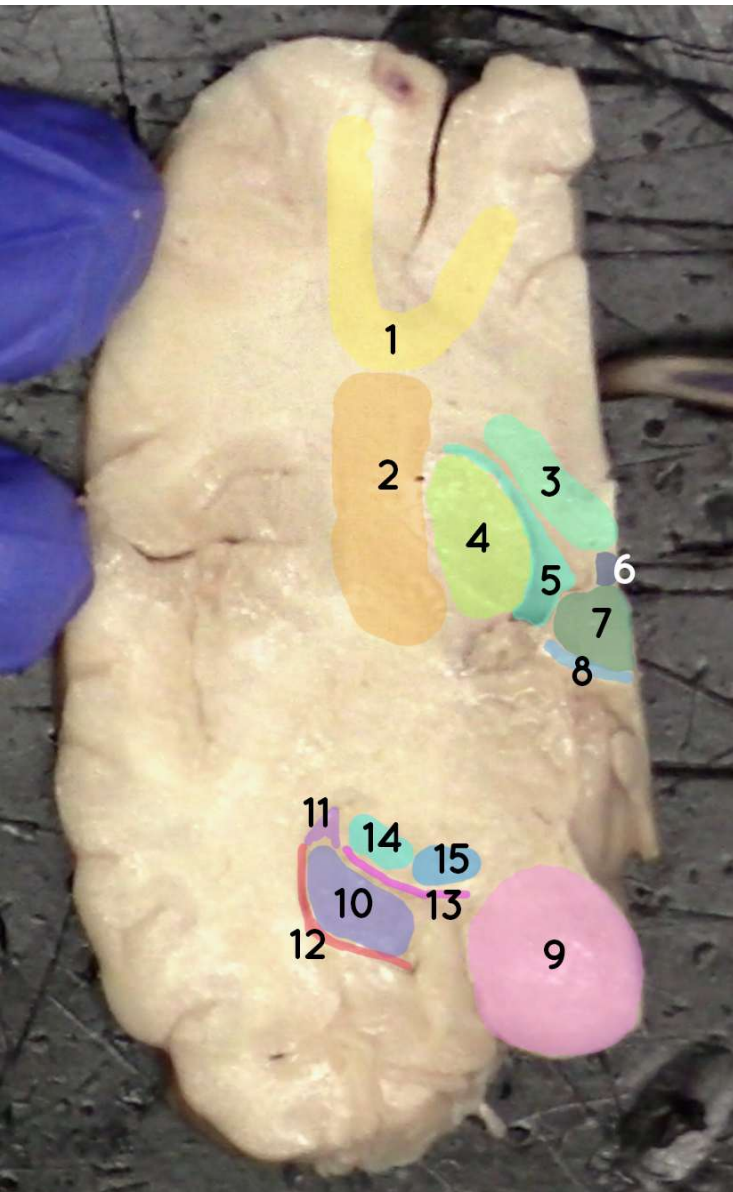

1. Hippocampus
2. Lateral Ventricle (space)
3. Corpus Callosum
4. Start of the Corona Radiata
5. Fimbria
6. Alveus

SLICE 3 (BOTTOM)

1. Corona radiata
2. Internal capsule
3. Corpus callosum
4. Caudate
5. Lateral ventricle (space)
6. Septum pellucidum
7. Septal area
8. Fornix
9. Superior colliculus
10. Hippocampus
11. Fimbria
12. Alveus
13. Optic tract
14. Lateral geniculate nucleus (LGN)
15. Medial geniculate nucleus (MGN)

SLICE 3 (BOTTOM)

- | | |
|------------------------------|--------------------------------------|
| 1. Corona radiata | 9. Superior colliculus |
| 2. Internal capsule | 10. Hippocampus |
| 3. Corpus callosum | 11. Fimbria |
| 4. Caudate | 12. Alveus |
| 5. Lateral ventricle (space) | 13. Optic tract |
| 6. Septum pellucidum | 14. Lateral geniculate nucleus (LGN) |
| 7. Septal area | 15. Medial geniculate nucleus (MGN) |
| 8. Fornix | |

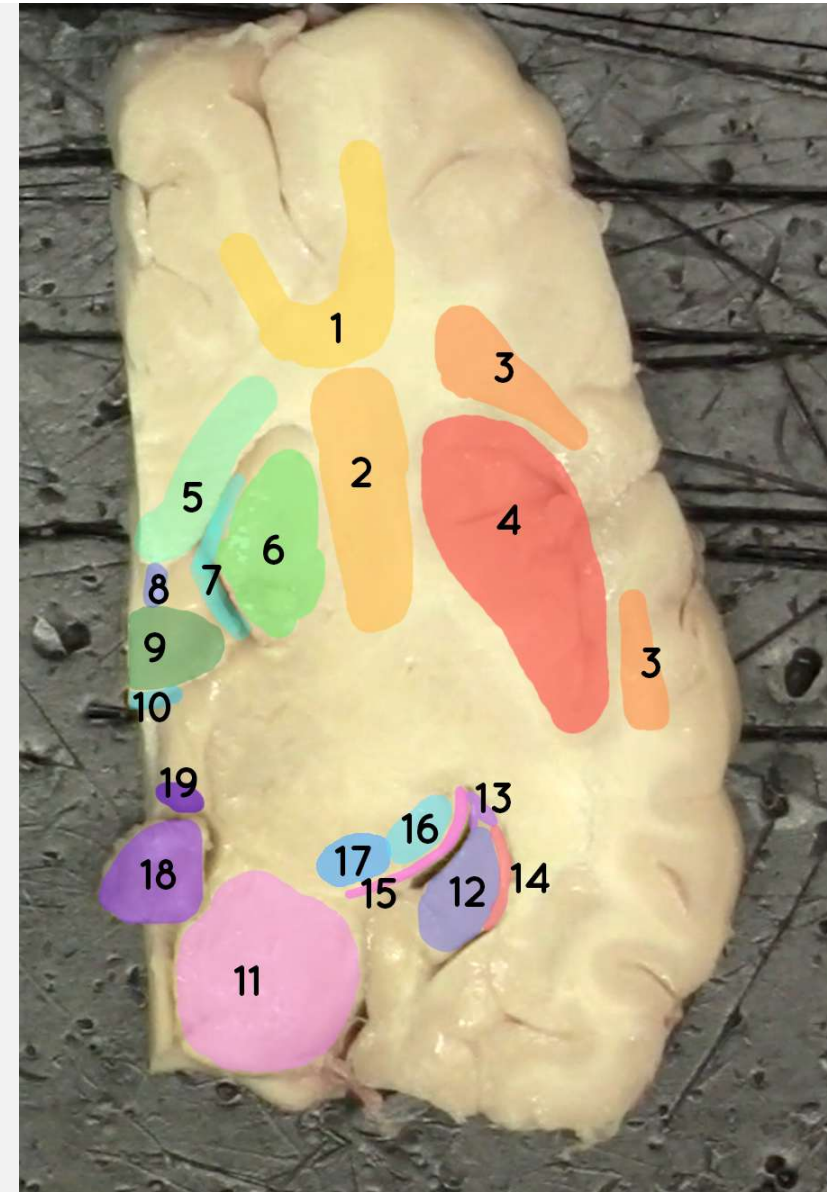

S L I C E 4 (TOP)

1. Corona radiata
2. Internal capsule
3. External capsule
4. Putamen
5. Corpus callosum
6. Caudate
7. Lateral ventricle (space)
8. Septum pellucidum
9. Septal area
10. Fornix
11. Superior colliculus
12. Hippocampus
13. Fimbria
14. Alveus
15. Optic tract
16. Lateral geniculate nucleus (LGN)
17. Medial geniculate nucleus (MGN)
18. Pineal Body

S L I C E 4 (TOP)

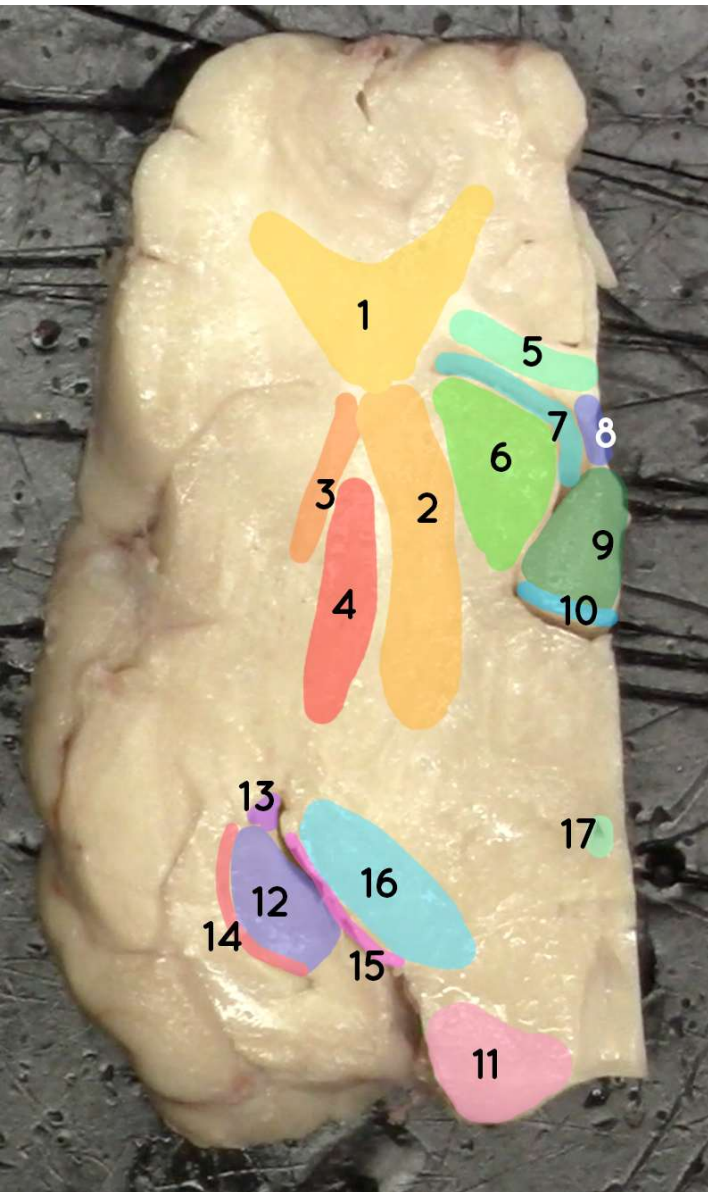

- | | |
|------------------------------|--------------------------------------|
| 1. Corona radiata | 11. Superior colliculus |
| 2. Internal capsule | 12. Hippocampus |
| 3. External capsule | 13. Fimbria |
| 4. Putamen | 14. Alveus |
| 5. Corpus callosum | 15. Optic tract |
| 6. Caudate | 16. Lateral geniculate nucleus (LGN) |
| 7. Lateral ventricle (space) | 17. Medial geniculate nucleus (MGN) |
| 8. Septum pellucidum | 18. Pineal Body |
| 9. Septal area | 19. Habenula |
| 10. Fornix | |

S L I C E 4 (BOTTOM)

1. Corona radiata
2. Internal capsule
3. External capsule
4. Putamen
5. Corpus callosum
6. Caudate
7. Lateral ventricle (space)
8. Septum pellucidum
9. Septal area
10. Fornix
11. Inferior colliculus
12. Hippocampus
13. Fimbria
14. Alveus
15. Optic tract
16. Lateral geniculate nucleus (LGN)
17. Pineal Body
18. 3rd ventricle (space)

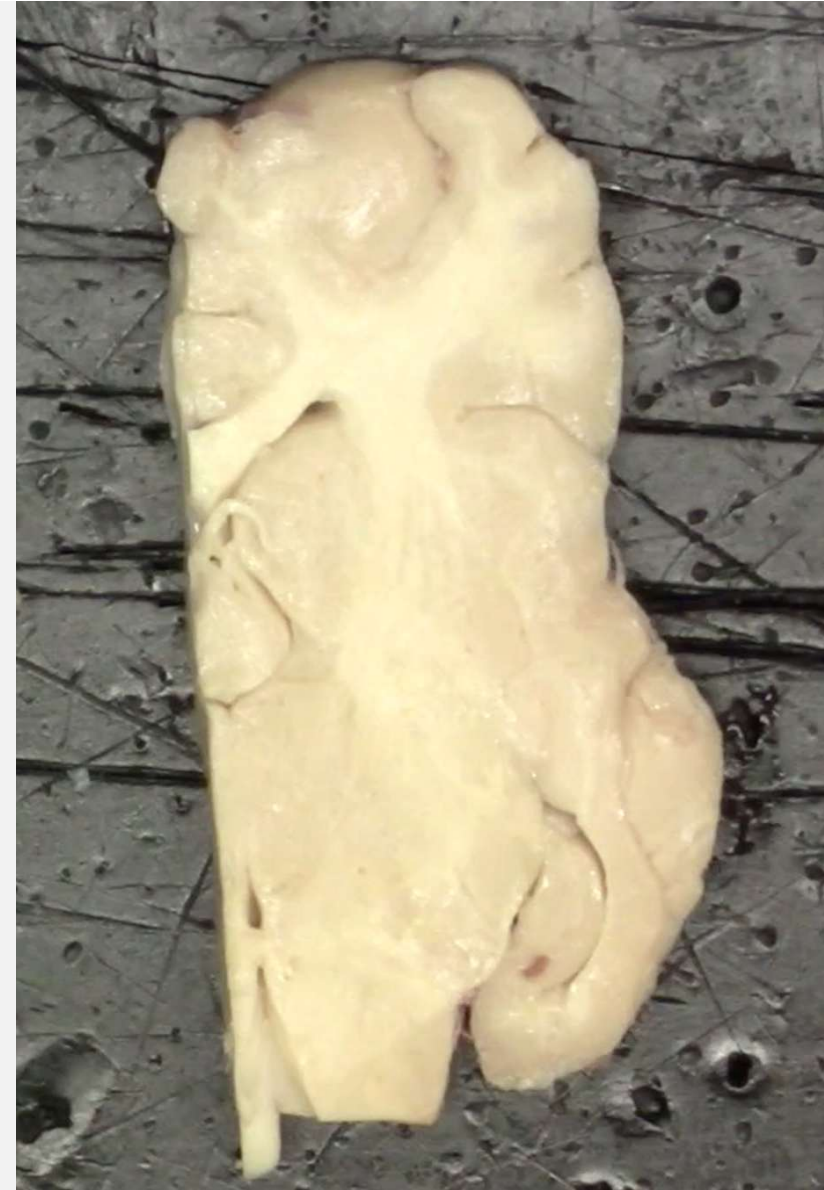

SLICE 4 (BOTTOM)

- | | |
|------------------------------|---------------------------------------|
| 1. Corona radiata | 11. Inferior colliculus |
| 2. Internal capsule | 12. Hippocampus |
| 3. External capsule | 13. Fimbria |
| 4. Putamen | 14. Alveus |
| 5. Corpus callosum | 15. Optic tract |
| 6. Caudate | 16. Lateral geniculate nucleus (LGN) |
| 7. Lateral ventricle (space) | 17. 3 rd ventricle (space) |
| 8. Septum pellucidum | |
| 9. Septal area | |
| 10. Fornix | |

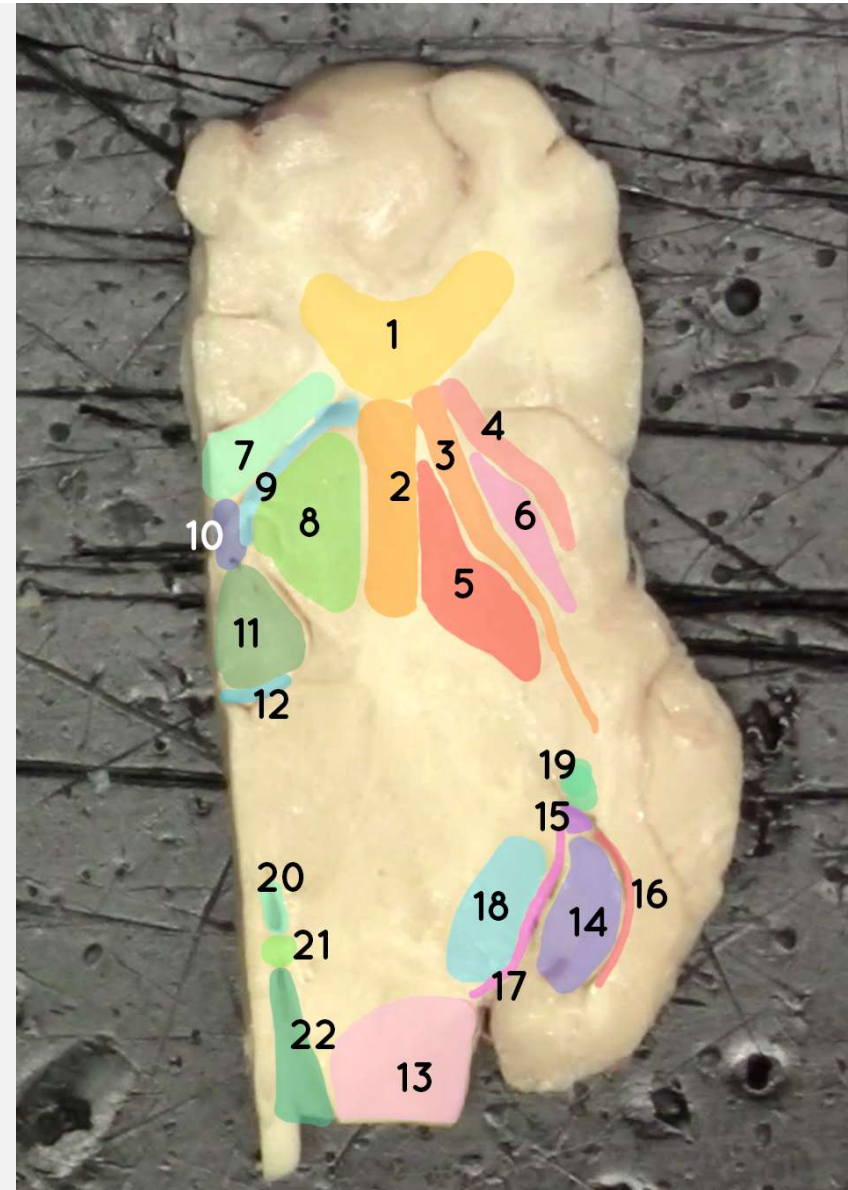

S L I C E 5 (TOP)

- | | |
|------------------------------|---------------------------------------|
| 1. Corona radiata | 13. Inferior colliculus |
| 2. Internal capsule | 14. Hippocampus |
| 3. External capsule | 15. Fimbria |
| 4. Extreme capsule | 16. Alveus |
| 5. Putamen | 17. Optic tract |
| 6. Claustrum | 18. Lateral geniculate nucleus (LGN) |
| 7. Corpus callosum | 19. Amygdala |
| 8. Caudate | 20. 3 rd ventricle (space) |
| 9. Lateral ventricle (space) | 21. Posterior commissure |
| 10. Septum pellucidum | 22. Cerebral aqueduct (space) |
| 11. Septal area | |
| 12. Fornix | |

S L I C E 5 (TOP)

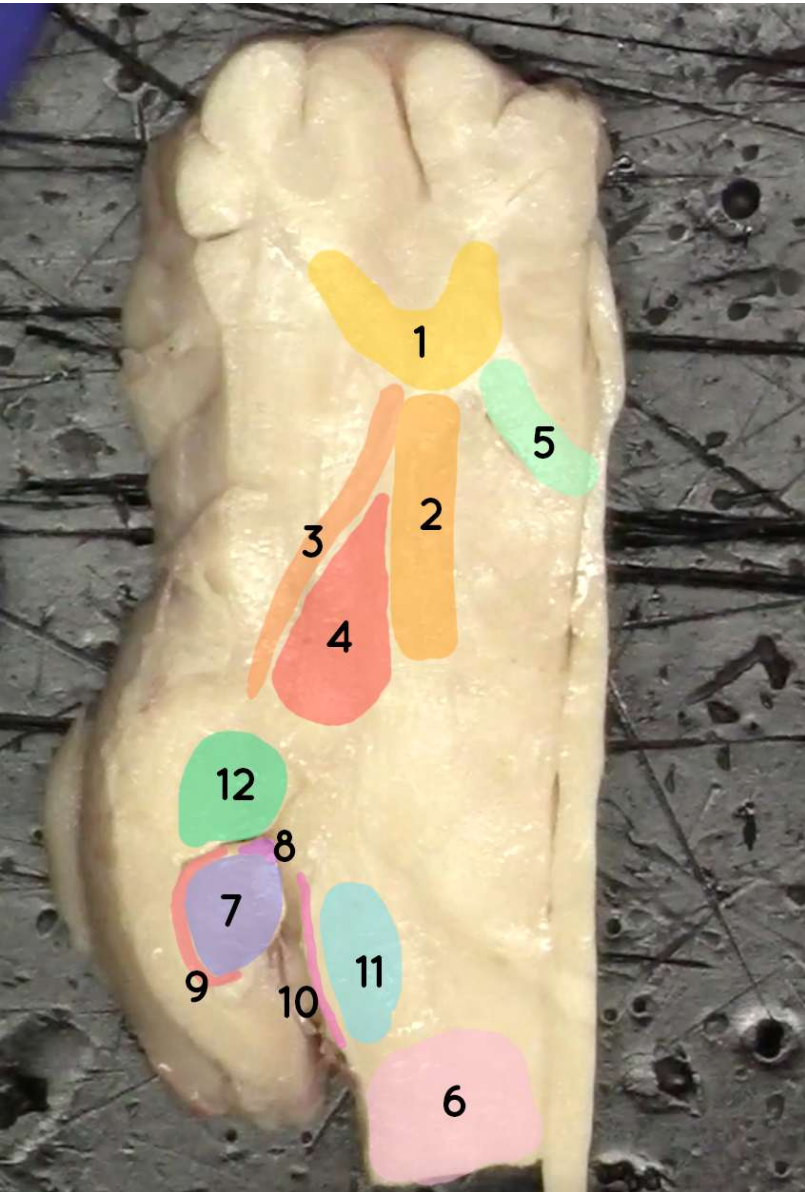

- | | |
|------------------------------|---------------------------------------|
| 1. Corona radiata | 13. Inferior colliculus |
| 2. Internal capsule | 14. Hippocampus |
| 3. External capsule | 15. Fimbria |
| 4. Extreme capsule | 16. Alveus |
| 5. Putamen | 17. Optic tract |
| 6. Claustrum | 18. Lateral geniculate nucleus (LGN) |
| 7. Corpus callosum | 19. Amygdala |
| 8. Caudate | 20. 3 rd ventricle (space) |
| 9. Lateral ventricle (space) | 21. Posterior commissure |
| 10. Septum pellucidum | 22. Cerebral aqueduct (space) |
| 11. Septal area | |
| 12. Fornix | |

S L I C E 5 (BOTTOM)

1. Corona radiata
2. Internal capsule
3. External capsule
4. Putamen
5. Corpus callosum
6. Inferior colliculus
7. Hippocampus
8. Fimbria
9. Alveus
10. Optic tract
11. LGN
12. Amygdala

SLICE 5 (BOTTOM)

1. Corona radiata
2. Internal capsule
3. External capsule
4. Putamen
5. Corpus callosum
6. Inferior colliculus
7. Hippocampus
8. Fimbria
9. Alveus
10. Optic tract
11. LGN
12. Amygdala

S L I C E 6 (LAST ONE!)

1. Corona radiata
2. Internal capsule
3. External capsule
4. Putamen
5. Corpus callosum (just a small portion)
6. Hippocampus
7. Fimbria
8. Alveus
9. Optic tract
10. Amygdala

S L I C E 6 (LAST ONE!)

1. Corona radiata
2. Internal capsule
3. External capsule
4. Putamen
5. Corpus callosum (just a small portion)
6. Hippocampus
7. Fimbria
8. Alveus
9. Optic tract
10. Amygdala
